Home in Shiljakovac, Serbia, where most
of Jevtich was born;

The small Book; Given by: Stanojka
Jevtich, to me: Ivan; drawing by:
"Honest John"

The Biography Of Jevtic; and their Ancestors:

In regard of spelling the name "JEVTIC", is suggested to me from Paris, France; by a letter of December 4-1957; to checking it's files, to find a Visa; in dossier!!! of the name Jevtic; so I wrote all History of Jevtic and their Ancestors.

The first a name "CYRIL". originally name was Constantine; and his brother: "METHODIUS" (826-96 a.d. At that time known as the Apostles; to preach the gospel; to Slavic Rase.

In the history of the Jevtic family; from the fourth century back; literally; nobody doesn't know about it, but me and my grandmother Stanojka Jevtic, (1801-1915 A. D.) also Stanojka is my "GOD-FATHER." She has given me name Ivan the Illd. see photo No. 1, also she given to me a small book; with names in the book; the book was from Old Wooden Church; in a town Leskovac in Serbia; now Yugoslavia; in 1908, I left the small book at home; see photo No. 2.

I left my home, May 1, 1910, A.D. for the U.S.A. And we here in St. Louis, Mo. I and my brother Milan Yeftich, (1880-1943, A.D.) Milan was: Physician-Editor; we have tried to: (L. modernus) in 1910; the Jevtic name change to easy spelling in name "YEFTICH".

The name Jevtic is no spelling to it at all; it has no double letters, in the word of articulate it; as the Latin alphabet has; the "Glagolitik" Slavic ancestors People; goes a way back from (631, A.D.) The original home of the "Serbians People" was the regions called "Galicia" on the Dniester River; in Europe.

Only; or the relatively few of its kind; the Serbian language yes, as you speak, that way you write; a same writings your will read it; no spelling to charm a pronunciation; or double-letters in the alphabet, a one word "Zoology" is Greek's word; the science that treats the animal kingdoms.

The HISTORY of JEVATIC, ANCESTORS: From the Legendary period; of the last Serbian empire; back (1389-1459, A. D.) very little is known of that era; the "Byzantium Empire," did it; by invitation of Slavic people to come, and assists them: "The Byzantium Empire", from the Ottoman's Turks barbarism. And they, the Slavic people; the Clans; come in united, the Chief of Zupan; was leaders of Clans; was Stephan Nemanya; he was recognized as a king; or (Caesar) by Pope Gregory VIIth. (1078, A. D.) in 14th Century.

The Greatest Nemanyich, was a King: Stephan Dushan; then Serbia become an empire. The Encyclopedia has a symbol X; no name; as last Serbian Emperor was name: "LAZAR" (not a one Lazarus as of one brother of Mary and Martha, in 32 B.C.)?

Emperor Lazar and Empress Milica; their last name was "HLEBLANOVICHI" in the Volume 31—10,988-page; the New Funk & Wag-nalls has not mentioned it briefly; in Encyclopedia; or Greek "Ky-kulus-cirkle-Pedia; not a name of "LAZAR."

An Emperor Lazar (Czar) and Empress Milica, had a daughter name: "MARICA," she married a General "VUK-BRANKOVICH." Nobility? as General has attached to his name: "VICH", it is as (a-distrust-b) (and vice-versa).

The Vuk General, a son-in-law; to Emperor!! with 12,000 armored Calvary and men; he Vuk withdrew away from the battle field; as a Noble-Vuk; he was a feud? Vuk plunged Serbian affairs into turmoil, for a control of the Throne; he Vuk betrayed his good father-in-law; Emperor Lazar and General Vuk "Paradist Lost".

The Emotional state of Quality? Noble Vuk and his wife Marica; had one son, name: Constantine, not the Constantine Ist. Also known as the Cgeat; in full Flavius; Aurelius; Constantine (280-337, "Anno-Domini" Roman Emperor, born at Naissus, modern Nish, in Serbia-Yugoslavia, Europe. It was Illyricum to Roman Empire.

And, Vuk's son Constantine, with his mother Marica fled up north to Kosmay mountain in the eaves, in Serbia, Marica and her son,

just in time escaped from Ottomans-Turks, cruel and oppression rule; Intellectualism; Philosophy a term designation that point of view; all knowledge is a pure reason?

As the Turks, had almost annihilated the Serbian force less, at Kosovo a vide plan, in the center of Serbia. In my small book, has the 1st. name: Martin boy; his father is Constantin Brankovich, in the full name, complete now Esquire—Martin Brankovich, and his wife Petria, they had son name: Ivan 1st. And daughter: Sibinka.

Noble Ivan the 1st. and his wife Ivanka; they had one son name was Jefta; and the last name of Brankovich on the list; all this can be seen it, the names; in cave at Kosmy mon't.

From (15-18, A.D.) has begin enter Vigorous Schools of their National life of the writers in Serbia, a man who do this revival; his name Sir: "VUK KARADGICH," (1864, A.D.) Sir Vuk Karadgich, converted the old tongue into a Literary Language; Cyril & Methodius, was canonized, by Pope Leo VIIIth. in (1881, A. D.).

Esquire: Jefta Brankovich, and his wife "Helena Kostich," Jefta and Helena had two sons; "Pavle and Peter; not by the blood, but by "Special-Sense"? The Dixie of knowledge; as a to say: Literal Interpretation of the Scripture; (Sveto-Pismo), the Literal Language; the (Knjige-Jezika) The Literal Sense of a passage or an expression, is transmitted to the "Talamusa", and to a consciousness, or an, is a Characterized by a neutral path, an inspecilized a organ of perception of the light and colore.

In reality with Me is: Heredity or Environment? If any like to know this theory; is welcome for explanation; as the "New Funk & Wagnalls; Encyclopedia: volume 31—11.390-page, (See Special — Senses). And these two brothers Pavle and Peter, for sure it changed the last name of their father Brankovich, of the first name to Jefta, to their last name Jevtich. Of today's, Yevtich, "ANNUIT-COEPTIS", their names today: in Serbia and in the U.S.A. names as: Ivan Known "Honest John" Ikonia, speaks of 7, Languages; Ivanka; all things reappears in "Special-Senses".
